

## Instructions Assignment #1

Go to this link: [https://github.com/ninalutz/gallaudet-creative-coding/tree/main/examples/homework/weather\\_homework\\_template.zip](https://github.com/ninalutz/gallaudet-creative-coding/tree/main/examples/homework/weather_homework_template.zip)

Press “Download”

Open the folder in your editor and edit the drawWeather() function like we did in class in the sketch.js.

Instructions for how to edit the sketch are in readme.txt
